Acel

10 - Site Equipment

Acel part number AC0486

50mm Mag-Bits T25

Pack contains 6 x T25 Mag-Bits

Strong magnetic collar locks onto fastener, holding it firmly in place at any orientation.

Eliminates need to hold fastener giving easier start-ups and maximum user control.

One handed screw driving allows greater reach and flexibilty.

Magnetic collar can be removed allowing screws to be driven below the surface if required.

Colour coded bits for easy size identification.

Stack it - storage boxes stack together for convenience.

Technical Specification

10-AC0486-2021-V1
