## 27w LED Lantern

The 27w LED lantern is a high quality, low cost solution to replace existing sodium discharge and compact fluorescent luminaires on minor roads.

**Other power options available upon request.**

**27w LED equivalent to the older 70w SON**

**42mm Side entry or 76mm Post top mounting with separate adaptor.**

**Replace conventional LPS/HPS/CFL lanterns at low cost**

**Maximised savings on energy and maintenance costs**

**Contractor-friendly installation**

**Minimal total cost of ownership**

**100% recyclable**

Technical Specification	
Attribute	Value
No. of LED's	28
Optical Cover	PMMA/PC Lenses
Power Consumption	7-27w
CCT	4000K
Operating Temperature	-40C - +40C
Luminaire Luminous Flux	650 ~ 3700 lm
Maximum Luminaire Efficacy	134 lm/W
Weight	3Kg
Wind Area	0.049m <sup>2</sup>
Glare Rating	G4 Max
IP Rating	IP66
Installation Height	5-8Mtr
