

AC48152

High Bay LED dimmable 150W 5700K 18000 lumens

Features & Benefits

- Ultra efficient
- 123 Lumens per circuit Watt
- 1-10V dimmable as standard
- Suitable for extreme operating temperatures -30° to +60°
- Step dimmable available with microwave version and remote control
- High CRI of 80 ensuring a true representation of colour throughout its life
- Available in 60° 90° and 120° beam angle options
- 1.5m mains input cable

Technical Specification

Color Finish	Black
IP Rating	IP65
Voltage Rating	220-240
Class	I
Dimmable	Yes
Operating Temperature Range °C	-40 to +85
LED Life (Hours)	36000
Actual Lumen Output	18400
Lumens Per Circuit Watt	123 LpcW
Correlated Color Temperature	5700K
