

**AC53752**

### Fail Secure Flush Strike Lock

Holding Force 400kg

240mA 12V DC Input

For use with Yale Type Rim Locks

Fail Secure

#### Technical Specification

| Attribute                  | Value          |
|----------------------------|----------------|
| Dimensions (mm)            | 31 x 160 x 25  |
| Finish                     | Brushed Silver |
| Maximum Holding Force (Kg) | 400            |
| Materials                  | Aluminum Alloy |
| Mounting                   | Flush          |
| Operating Voltage (V DC)   | 12             |
| Power Consumption (mA)     | 240            |
|                            |                |
|                            |                |
|                            |                |
|                            |                |
|                            |                |
|                            |                |
|                            |                |
