

AC6040

7 Litre Vented Water Heater

- **Wall mounted over sink stored water heater, ideal for commercial kitchen sink used**
- **Adjustable thermostatic control 15-70°C**
- **Thermal cut-out safety fuse protection**
- **Removable control knob with blanking grommet for maintaining set water temperature**
- **Rustproof, thermoplastic tank for long-life and higher energy efficiency**
- **High density thermal CFC-free polyurethane insulation to minimise heat loss**
- **Supplied with inlet control valve and 300mm long chrome swivel spout**
- **Wall mounting bracket and screw pack included**
- **2 year UK guarantee**

Technical Specification

Capacity:	7 litres
Power Output:	3kW@240V
Current Rating:	13 Amps
Temperature Settings:	5 to 70°C
Max. Inlet Pressure:	0.7 to 10 6bar
Water Connections:	15mm compression
IP Rating:	IPX4
Approvals:	BEAB (CE Marked)
ErP Class Rating:	B
Energy Efficiency:	32
Energy Consumption:	492 kWh/A
